

# Lessons from the Visual GBV Pocket Guide Adaptations

Expanding reach and accessibility to serve low-literate communities and build digital literacy

## LOOK:

When someone discloses their experience of gender-based violence to you...

### Introduce yourself

→ Introduce your name, your role and who you are. Ask how you can help.

From this...

Step 1: Introduce yourself and your role.

...to this:

## Real-time Visual GBV Pocket Guide Evaluation

*How can global tools to assist non-GBV specialists in supporting survivors be adapted for use by non-traditional actors in low literacy populations to provide safe and effective Psychological First Aid and referrals?*

Low Baseline Knowledge

Increased Confidence and Skills

High Utility and Uptake
