

ARE OUR INTERVENTIONS REALLY REDUCING STIGMA AGAINST VICTIMS/SURVIVORS OF SEXUAL VIOLENCE?

- Covered by the community outreach programme
- Not covered by the community outreach programme

Using the GBV PEF's Results journals

Learning from the GBV PEF's Results Journals and the Theory of Change

Using the GBV PEF's proxy indicators: % of health facilities with an increase in the access to services by victim/survivors of sexual violence based on coverage of community outreach programme -2023
